

6SSEL045 – Language Origins

Lecture 10 Interactive: What counts as language (2)?

At the end of this module we come back to the question posed at the beginning, but with better information with which to answer it.

So, for you, what counts as LANGUAGE? Is it:

- Something that came out of Complex Language 2?
- Complex Language 2?
- Complex Language 1?
- Protolanguage 2?
- Protolanguage 1?
- Something that came before Protolanguage 1?
- Something else?
